**() What is something you (the student) could have done to improve your experience in the course?**

- my writing skill had been improving after I took the Writing 135
- more discussion
- Ask what I do not understand, when I feel confuse during the class.
- I need to talk more in class.
- Dr. Pelaez-Morales  
you are the best.  
Just I have one thing to say, if you want me to change my essay for the final, you should let me in the beginning.
- teacher should give less time at in class reading and group discuss
- I can read papers faster, learn more writing skill.
- the peer review was not that useful for me. I would suggest assigning a peer from the beginning of the year so the workshop would make him/her known to the instructor.
- Teacher's explains and Students group discuss
- Discussion.
- I know more about writing structures and strategies carefully.
- improve my essay and I can writing a lot.
- reading more, analysis more
- go to the work center more often

- more writing and less amount of drafts. better grading in the second draft paper and adding more details to the papers so the student have more knowledge about her or his paper.
- Write a lot in class, and i think this is the best way to improve my writing.
- Do online post between the students. Give them more extra credits.

**() What is something Carolina does well (that is, something you hope that she will continue to do in the class in the future)?**

- Explanations for the class. Also, give chances to the students.
- Comments for draft2.
- She can keep the class atmosphere very good .
- she do well.
- Her class is step by step, it makes international students understanding much easier.
- give us a lot of good suggestions
- The way she use the class time and the schedule calender that she used to show the class assignments were really perfect and fair.
- Carolina do a good in our comments, she wrote it carefully. And I very thanks to her, make me know what's worry with my assignment.
- This term Carolina taught more theories about how to access to better writing, I think it is much useful.
- She teach us how to write a research paper class.That is really good for us.
- She is friendly and patience.
- Workshop and have three steps(draft1, draft2....) for a essay
- her feedback is very useful. her class is so much fun. I would like that she keeps giving the students these useful feedback
- she has a lot of patience to the student which gives how she strongly respect them. it's clearly that she is a great teacher and if she changer some of her strategy will be much helpful to the student.
- she is optimistic and full of energy.
- she explain the question very clear and she gave enough time for student have question
- I hope you continue to do step by step for research paper.

**() What specific suggestions do you have for improving the course or the way it is taught?**

- Talk about more theories or strategies of writing, because that helped me a lot
- I hope the professor will teach more things in class instead of after class
- Most students work hard, but they get B or C because writing center do not help them.

- Writing is the best way to improve our writing. I think 3 papers is not enough. we can have more, such as in class essay. I think that will help us to improve our writing.
- Do more practice in classroom.
- I just found the peer review not that useful for me.
- Students should take more discussions in the class.
- give more free writing the beginning of each class.
- More exercises and using more materials in class.
- More essays, more practices and more homeworks
- more discussion
- I just come here the first term, some time, I feel confuse in the class. But I am afraid my question is too simply, and after class I forgot my question. If you have time after class, I very love to ask.
- more writing, more writing! practicing alot of writing will defiantly have a positive impact to any student.
- I think the homework is hard to follow. Maybe students can write the paper on class.
- Teacher can show more video at class. Sometime talk to much, it will let the class seem a little bit boring.
- put material on modle early that students can preview before
- more quiz and more write paper in next term

**() What else do you want your teacher to know?**

- I want to thank her for being a great teacher.
- she is a very good teacher
- to be more strict with students and do not allow any student the speak any other language in the class and only English that will make the student less distracted.
- I have did participation in the class, sometimes, I ask and answer, but you forgot I have participated.
- Giving students one chance to summit assignment one draft on one semester.
- have good nice day
- You are friendly
- She has a good job in two term.
- not talking in class doesn't mean I am not participating
- she is very good.
- That she has a great personality made actually don't want to ever miss her class. And the way she taught this course was completely great.
- you do well, but sometimes you do not explain well. May because you do not understand questions from students.
- She teaches very good. Keep going!!!
- Have a nice day!
- I think she knows the materials very well. And the students need more extra credits during the term.

- You a really a nice teacher!
- it will be efficiency if the professor teach more in class and has less time on assignment, but more time on analysis and reading.
