- I don't think there was anything that I should have done and I didn't
- Do not speak our national language in class
- To improve my experience of this course would be to take writing 135 at the start so I could have a better emphasis of what is expected on a writing 135 class. It was a challenging class but I worked at my best to keep up with the class and get good grades.

() What is something Carolina does well (that is, something you hope that she will continue to do in the class in the future)?

- first or second week in the class when she divide us to two groups for bringing debatable claim.
- always do appointment with us
- She always do her duty to give us how to writing the essay.
- Something Carolina does well and that I want her continue is to teach the class like she does. She gives examples and reviews with us the expectation for all the assignments. She also made sure that all questions were answered and ask. She also did a really good job on helping us with our writing skills and building confidence with the use of resources. I would love for her to continue to smile all the time because with her smile class opens with a good positive energy!:)

() What specific suggestions do you have for improving the course or the way it is taught?

- don't be very nice with some students that they speak a lot in the class and don't focus with the subject,
- I can find nothing to suggest her, she is the best teacher I have seen.
- worksite
- paraphrase
- do more practices and write more draft to improve my writing ability.
- I think this class can maybe can give more example.
- Maybe sometimes she should shows more detail to us. Somethings she needs talk a little slowly for the international students.
- Well over all the class is good.
  for me the class is perfect.
- Moving students who talk a lot away from their friends. This would help the students concentrate and participate more in class. As well as make the class go more easier for Carolina to answer and hear people's questions.
- nothing
- Could you speak slowly?
- I just recommend for her to be stronger in front of her students because some students talk a lot in class and bother her and she does like who talks in her class.
- I think we should have more time for us to discuss on the class.
- its ok
- Give more time to students to write their own article
- I think the class is very good because the teacher has good method to teach and the teacher has good ways to understand the international students.
- Remind students during her changed something in moodle
