**11 - What did you like about this course?**

**Carolina Pelaez-Morales**

<b>Return Rate</b>	11/17 (64.71%)
--------------------	----------------

- I liked the professor, she was amazing to look at and absolutely gorgeous.
- The demos are very helpful!
- Dr. Morales was always prepared and always had something for us to do. It wasn't just busy work though.. everything we did was related to coursework and applied to both what we would see on the test and use in everyday life. The class was challenging, but as long as you studied and came to class, you would be good to go.
- The professor was always well prepared and happy and was enthusiastic about the material which made it fun to learn! I enjoyed this class very much!
- The course was challenge (as is anything with Linguistics) but she worked with us as best as she could to make it easier to understand. The adaptability of the course was also helpful in the sense that, if we preferred one form of studying/teaching over the other, she would accommodate the best that she could.
- class templates general enthusiasm
- I liked the class plans . Great study tools
- I loved the content, it was pretty interesting and I loved all the opportunities to get free points with the journals. Also I appreciated the changes she was willing to make for the sake of the class so that everyone could be on the same page. She is an awesome and phenomenal teacher. I also love that we don't have a final!
- I love how this course is intellectually challenging, but also taught in a way that the students have input without taking control of the class.
- That it's almost over!!!!
- I liked how engaged Mrs. Morales made me. I was always on my toes with some assignment, many times in a way that got me moving, giving the course an exciting feel.

**12 - What did you dislike about this course?**

**Carolina Pelaez-Morales**

<b>Return Rate</b>	8/17 (47.06%)
--------------------	---------------

- Sometimes it was hard to understand the concepts.
- I cannot think of anything that displeased me about this course.
- Maybe too much democracy lol But at the same time, it was nice to have a voice for once. I guess the power was just intimidating.
- language journals
- n/a
- I didn't like all of the readings, I think maybe we should have read over the contents more in class as far as the outside reading. Maybe trying to reduce some of the chapters some. Maybe having more homework assignments and making one of them count as a test grade (whichever one is the highest out of all of them). Then make that homework grade count as a final test.
- Everything!!!!
- Sometimes I felt overwhelmed. I think the tests may try to cover too much info, and that the focus on the chapters could be narrowed.

**13 - What would you change about this course?**

**Carolina Pelaez-Morales**

<b>Return Rate</b>	7/17 (41.18%)
--------------------	---------------

- Absolutely nothing.
- Nothing really.
- i would've liked to have more class time dedicated to learning ipa
- n/a
- I wouldn't change anything about the course
- Nothing, because Linguistics is interesting, but too hard for me!!! (To learn, along with four other courses)
- I would narrow the focus on the chapters by a couple concepts, and provide a better study guide or outline in order to guide the students to study the appropriate materials.

**14 - Please provide any additional comments concerning this course.**

- Dr. Morales does anything and everything she can to help her students learn better and be successful.
- It was a great semester.
- I really enjoyed you class and I think I might even miss it. Thank you for being so willing to help and enthusiastic!
- The lesson plans are good--keep them. Keep the weekly quizzes make them more questions for less points. Also can consider multiple choice but require an explanation. I can read and retain the information and can most likely tell someone what I read, but the moment I have to take a test or quiz, I forget things that I know I know.
- Great Professor
- Dr. Morales you're awesome and I love you! God bless your sweet, kind spirit, and compassion. I was blessed to have you as a profesor this semester! Jesús Te Ama! Bendiciones <3
- Overall I though Mrs. Morales was an amazing teacher. I can't think of a single time she didn't go the extra mile, for my class as a whole or me as an individual. Seeing a teacher who puts in so much effort for your class makes you take a moment to consider how much effort you give in return, which was helpful for me in not only this class but all of my classes. I like the scheduling of her assignments and the way her grading system was set up. I liked the quizzes and the lack of a midterm and final.
