11 - What did you like about this course?									
Carolina Pelaez-Morales									
Return Rate	4/7 (57.14%)								
<p>- I liked that Ms. Morales would work with us on what we were unsure about in the lessons. I appreciated that the size of the class enabled us to all work together and address problems and questions in the class room, and that the bulk of the work was reading comprehension done on your own time. It was a very refreshing change.</p> <p>- I liked the professor a lot, she was very helpful, and I could tell she really wanted us to love the subject matter. I feel that I learned a lot and that I will remember what I learned. She was also very good about communicating when things were due, etc.</p> <p>- Language journals were really fun! It's neat to be able to take what we learn in class and apply it to things that we hear everyday. I'm a lot more aware of language in general.</p> <p>- This course covered some very interesting content. Although we covered a lot of ground which was at times challenging Professor Pelaez-Morales was very good at helping us relate the content to our own individual studies.</p>

<p>- I really have nothing negative to say about the course.</p> <p>- Nothing</p>	

<b>13 - What would you change about this course?</b> Carolina Pelaez-Morales	
<b>Return Rate</b>	2/7 (28.57%)
<p>- I wouldn't change anything about his course, because Professor Pelaez-Morales was more willing to adapt to our needs and concerns throughout the semester. As a student, you can tell she has a genuine desire to help her students succeed and if she feels that an area of content was not adequately covered, she takes the time to go back over it and check for our understanding. This was extremely helpful throughout this course because of the structure, as it is an intro, covering many aspects of linguistic studies.</p> <p>- More homework assignments similar to questions asked on the exams. I feel having this practice before hand would give the class an opportunity to assess their understanding before the final review day.</p>	

<b>14 - Please provide any additional comments concerning this course.</b> Carolina Pelaez-Morales	
<b>Return Rate</b>	2/7 (28.57%)
<p>- I had so much fun learning about linguistics in this course. I had dreaded the class before I signed up because of students before me saying how hard it would be. I felt that Ms. Morales made the learning fun and was more of a collaborator in our learning process rather than just an instructor. I really feel that, given another opportunity, I would further my education in this field.</p> <p>- Overall, I was very pleased with the course, and Professor Pelaez-Morales is an excellent teacher. Her adaptability and fresh teaching styles made the class even more enjoyable. She really worked to make linguistics applicable to all of us, and challenged us to find instances of what we were learning throughout our day-to-day activities and social interactions. After taking this course I get excited about finding instances related to linguistics, and enjoy sharing them with my friends and family. It was a course that I feel I will carry with me long after I complete college.</p>
